### Recognizing & Addressing Precursors of Burnout: The Value of Shame Resiliency Traing to Support Resident Well-Being

Residency is an extraordinarily demanding time. On a daily basis, residents encounter issues of life and death, arduously long work hours and a serious imbalance of personal time. In the face of this, many residents experience feelings of inadequacy and not feeling "good enough": feelings of shame. Recognizing how shame manifests itself in residency and why, is critical for creating meaningful strategies and programs to support resident well-being, before burnout becomes an issue.
