

**Let Partners<sup>®</sup>  
Help You Open  
the Door to  
A Successful  
GME Program**

**This Way to GME...**

**AOA COCA Standard 10 Effective September 26, 2023  
Adding GME to your UME Growth**

“The proposed COM must submit a feasibility study outlining available GME capacity including development costs and a plan outlining how the proposed COM will ensure sufficient residency programs (PGY-1) to equal the requested class size. Of these residency positions, 30% must be newly created PGY-1 positions.” (COCA Standard, 2023)

-  Assess the current learning environment to ensure readiness for GME
-  Analyze clinical data to determine which GME programs are most feasible for success
-  Analyze the potential for Medicare and Medicaid funding and possible grants
-  Provide you with a timeline of activities to ensure timely submission of GME applications. Partners<sup>®</sup> can also assist with the development of applications.
