

## **PARTNERS® 360° Approach**

**Addressing your immediate needs  
while thinking strategically to build high quality  
and sustainable programs and institutions.**

GME Consultants with 130+ Years Collective Experience at Your Disposal • We Become an Extension of Your Team

### **GME Accreditation Experts**

Whether your goal is to have your institution and programs achieve their highest accreditation potential, become an accredited institution, start new programs, or educate your GME staff and faculty, Partners® has the consulting, education and virtual coaching services you need.

### **We Partner with You**

Our culture at Partners® is to educate, guide, and collaborate with our clients. We have **hands-on** consultants with a combined 130+ years experience in medical education that will get in the trenches and work side-by-side with you to ensure your institution and/or Residency Program is represented in the best light. In the end, our clients are well prepared, focused, empowered and educated.

### **Customization & Implementation**

What we do for our clients is suited for them and their specific needs. Every client is unique with their situation and accreditation history. We provide customized action plans that we not only develop but help you implement as well. Our consultants are highly accessible and helpful. They go above and beyond through their personal dedication to see each and every client through to the most successful outcome possible.
