

How to Manage A Virtual Site Visit

As if prepping for a site visit was not stressful enough, COVID-19 has altered how ACGME site visits are conducted and how we prepare. In this session we will look at what has changed with the site visit process, best practices for preparing documents and participants, and strategies for a seamless virtual visit.

Tuesday
JAN 5
12 - 1 pm EST

Scholarly Work in Pandemic Times

The world of medical education changed because of COVID 19. How has it changed the scholarly environment? What types of research can we do? We will talk about challenges and best practices.

Thursday
FEB 11
12 - 1 pm EST

Digging for Data Part 3

Our hunt for data continues as we explore resources to help us understand the medical education community. As we look for useful information to use in our GME reports, recruitment efforts, and program improvement initiatives, we'll discuss the good, the bad, and the ugly of data in today's virtual environment.

Thursday
MAR 4
12 - 1 pm EST

Lessons Learned from the Pandemic: Planning for the Next Disaster

The key to navigating any disaster is preparation. However, the COVID-19 pandemic has shown us that we may not be as prepared as we should when disaster strikes. Join us in this webinar as we assess disaster preparedness strategies in GME and explore a successful disaster plan's key components.

Thursday
APR 8
12 - 1 pm EST

ACGME Surveys - What Now?

Whether your survey results are positive or negative, we will explore how to leverage the survey results to obtain resources, sustain an effective learning environment, educate the governing board, and develop meaningful action plans for improvement.

Thursday
MAY 6
12 - 1 pm EST

Impactful AIR & APE - Bridging Data & Action

As various outside agencies, along with our own internal reporting requirements, begin to request more and more information, our AIR's and APE's are becoming unfocused, lengthy, and ineffective. By combining strong narratives with relevant visuals, we can demonstrate program compliance and improvement while engaging our readers. We'll look at various templates, visualization techniques, and how to showcase what is important to your program and institution.

Thursday
JUN 3
12 - 1 pm EST

How to Maximize Virtual Learning Part 1

The GME virtual learning environment is multi-faceted. Which is better: synchronous or asynchronous? What about compliance and accountability? Join our educational expert as she navigates the complexity to maximize learning potential.

Thursday
JAN 21
12 - 1 pm EST

How to Maximize Virtual Learning Part 2

Virtual didactics are here to stay. While we became more efficient with Zoom in the past year, we need to go beyond the basics. How can we maximize this type of learning environment using Technological Pedagogical Content Knowledge? Learn how to create experiences with collaboration, connectivity, creativity, and the ability to think critically in the virtual learning environment.

Tuesday
FEB 23
12 - 1 pm EST

Ask Partners - Spring Freebie

Our GME Consultants give you their take on key takeaways, trends, and topics from the ACGME conference.

Thursday
MAR 11
12 - 1 pm EST

Other Approaches to CCC & Evaluation

Looking for ways to make your CCC and other evaluation methods more meaningful and engaging? Join us as we explore alternate ways of running your CCC while utilizing unique methods of evaluation.

Tuesday
APR 27
12 - 1 pm EST

GMEC Checkups - QIPS Edition

How engaged is your GMEC in quality improvement and patient safety (QIPS)? Are you fulfilling the ACGME's expectations? This webinar will explore how to have meaningful and robust QIPS discussions at GMEC meetings. Participants will learn ways their GMEC can effectively demonstrate oversight of quality improvement and patient safety in GME.

Tuesday
MAY 25
12 - 1 pm EST

Survey Research

We are a culture immersed in survey. From marketing surveys, to patient satisfaction surveys, resident surveys, to research surveys, we participate or conduct surveys all the time! Why are surveys so important? How are survey questions created? Join us for an hour of learning about surveys, creating them and making sense of data received from them.

Tuesday
JUN 22
12 - 1 pm EST
